Title: Acting Company Officers

Approval Date – 6-4-1996

Section	Instruction
1.	When, in the absence of an Officer, a company may respond to an emergency with a firefighter acting as a company officer.
2.	The engineer of the apparatus will decide who shall act as the company officer. The engineer's decision should be made by considering the firefighter's experience, knowledge and ability to act in the capacity of Company Commander.
3.	The acting Company Commander will assume all duties and responsibilities of a Company Commander.
4.	All firefighters on the company, that has an acting Company Commander, must obey all orders given by that Commander.
