Title: New Members

Approval Date – 5-24-1993

Section	Instruction
1.	New members must be at least 18 years of age to submit an application for membership. Upon acceptance of the application by the Officers, new members are placed in recruit membership until successful completion of the class. The recruit period may be shortened or lengthened at the discretion of the Officers. At the end of the recruit period the Officers shall decide if the person should be voted on by the crew. This decision will be made on the number of meetings attended and the performance during the probationary period. This person is then voted on by the full crew. Membership is either rejected or accepted.
2.	Upon acceptance of the application, the applicant will not belong to another fire District as a volunteer. Any exceptions must be approved by the Board of Officers.
3.	After acceptance of the application the new member will be required to complete the Recruit class and meet the training hours required by the Kentucky State Fire Commission.
4.	The new member will not be permitted to respond on apparatus to emergencies until the required training hours as specified by the Kentucky State Fire Commission are met.
5.	Upon successful completion of the Recruit class and acceptance by the crew, the member will be issued a red-light and siren permit, pending vehicle checkout.
