Title: Responding to Fires

Approval Date – 5-24-1993

Section	Instruction
1.	No vehicle will respond to the fire or emergency, or stop at the fire or emergency scene, unless they are a mobile unit and has means of communicating with our apparatus.
2.	Apparatus is to be driven by persons qualified through the training Department.
3.	All crew members are required to remain at the fire station after a run and assist in preparing the apparatus for the next run or until all units clear the air.
